Federal Communications Commission

Washington, D.C. 20554

Dear Mr. Powell,

I ~~am~~ opposed to any FCC decision that might loosen your regulations allowing any "deregulation" of the communication industry. We already have excessive control of the media by the Jewish conglomerates owned by Redstone, Newhouse, Zuckerman, Bronfman and Eisner. Deregulation will only allow them to buy up the remainder of the independent broadcast and newspaper outlets. I for one ~~am~~ tired of having their decadent filth shoved down my throat. If anything, you should be looking into breaking up their stranglehold on America instead of giving them the opportunity to expand it.

Respectfully,

Thomas Wengel
